

# Light The Tree

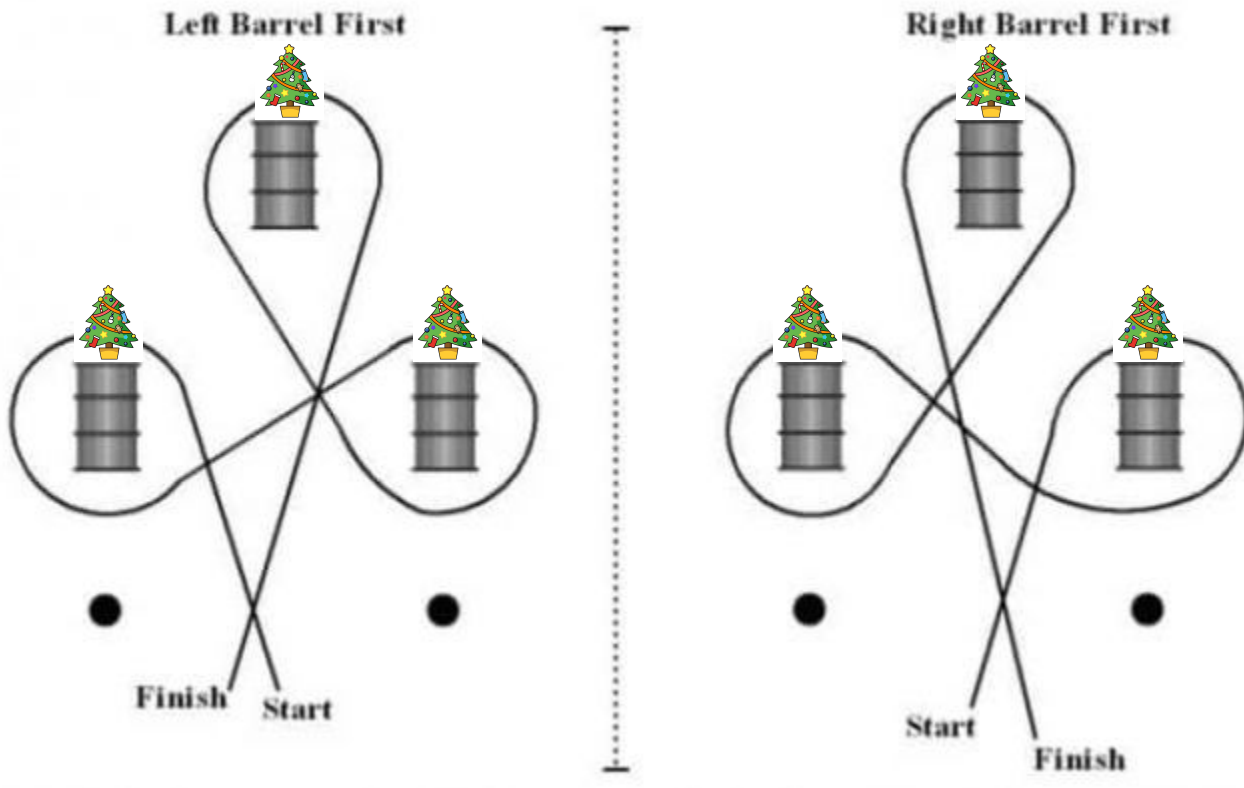

1. Run down on right side of barrel and into the chute.
2. Stop at the pole.
3. Back to the opposite side of the barrel and stop. Horse's back legs must be past the barrel!
4. Push the button on the barrel to light the tree!
5. Run home!

Note: This is a timed event. The cord for the tree will be on the back side of the barrel. This is why we don't want you going all the way around!

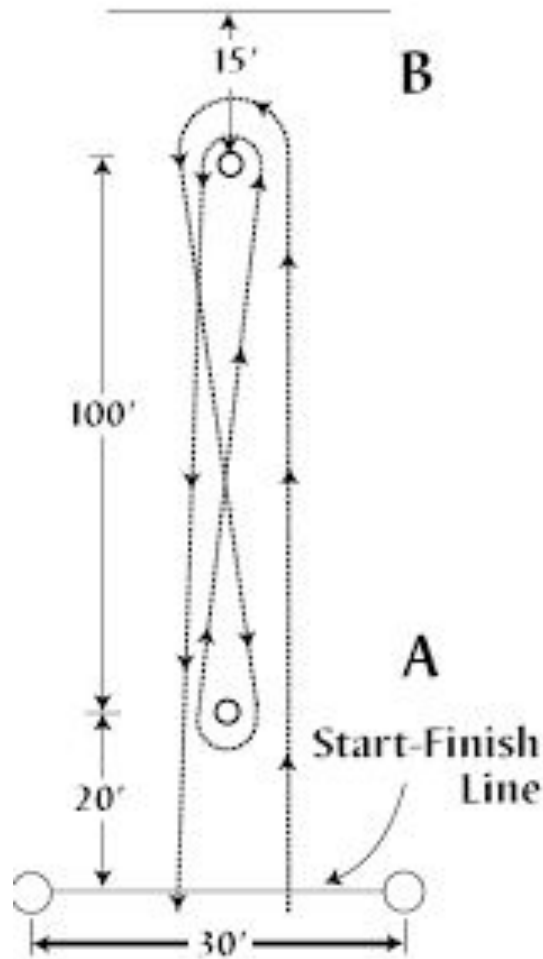

Cause for Disqualification in addition to standard 4H contesting rules:  
Going over the pole, dismounting to light the tree, performing off-pattern

# Tree Turn (Cloverleaf pattern)
